Department telegram 581.

Foreign Office delivered note today agreeing to stationing in Taiwan of Flight B, 29th Radio Squadron Mobile, USAF, totalling 426 personnel (including group presently in Taiwan) with vehicles and equipment.

Permission granted on provisional basis pending execution of formal agreement. During interim personnel this unit will be accorded same privileges, exemptions and immunities as are granted members MAAG.

Foreign Ministry again urged conclusion formal agreement at early date and is exhibiting increasing dissatisfaction with these "collateral arrangements" covering various US units stationed here. Embassy believes showdown on question of comprehensive status of forces agreement inevitable in near future.

Ministry requests early advance notification of ETA any personnel this unit.
